Standard Bike Delivery (from 1 of 35 locations in the UK & Ireland)

Name:

Standard Bike Delivery (from 1 of 35 locations in the UK & Ireland)

Synopsis:

Ship My Tri Bike by Nirvana Europe - transporting your bike, fully assembled from 1 of our 35 DROP-OFF & PICK-UP LOCATIONS throughout the UK and Ireland.

Description:

Ship My Tri Bike by Nirvana Europe offers quite simply the market leading triathlon bike transportation service, eliminating the worry and stress of transporting your bike, leaving you free to concentrate on your race preparation.

A highly flexible and convenient service, we will transport your fully assembled bike from one of our 30 locations throughout the UK & Ireland.

Using a fleet of custom designed and adapted vehicles, your fully assembled bike will be professionally racked during transportation at the front fork, frame and rear wheel, with your front wheel placed in a protective wheel bag. The design and concept of the vehicles are based on pro cycling teams' method of transporting bikes.

Transporting your bike fully assembled, removes the stress and hassle there is to disassemble and reassemble your bike before and after the event, and as your bike will be professionally racked in our vehicles, there is no need to adjust any of your personal bike measurements.

Included within the service we will transport a small kit bag for you, to allow you to include your wetsuit, bike shoes, helmet, CO2 canisters, nutrition, or anything else you would like us to transport.

Furthermore, your bike is fully insured up to the value of €3000. For UK residents only, should you wish to increase your cover, our cycle insurance partner Yellow Jersey offer cover up to £15,000.

How it Works

- Your bike will be collected from your chosen location on the weekend (Thursday to Monday) prior to your race and will be delivered to you 3 days before your race at the event destination. We will meet you directly at your chosen location at your allocated time and date, with your bike loaded on to our professionally racked vehicles.
- You or a named person will be able to drop off your bike in the UK & Ireland, and collect your bike at the event destination.
- When you drop off your bike in the UK & Ireland, and after your race, we will provide identification tags/labels to attach to your bike and provide you with a receipt. When collecting your bike (at the event, or in the UK & Ireland post race) you will need to show your receipt and personal identification (e.g. passport or driving licence)
- For delivery back to the UK & Ireland, we will collect your bike from the event destination on the evening of the event when you exit transition, or on the morning after your race. Your bike will be returned to you on the weekend (Thursday to Monday) after your race

- Full service information for UK & Ireland drop off, and collection details at the event, and UK & Ireland collection details post race, will be provided to you by email, 2 weeks before dropping off your bike.
